

Mississippi Rural Water Association, Inc.

Dear Community Water Provider:

The Mississippi Rural Water Association will, once again, assist you with your Consumer Confidence Report. The 2023 report is due by July 1, 2024.

This year you will notice some changes in the information that we are asking for. The EPA through the MS State Department of Health are asking to increase the readability, clarity, and understandability of the report. EPA would like to see a paragraph that includes general information about the system, what improvements have been made in the past year, any future expansions and/or rate increases, if your board has attended the required training, and only other information that you would like to pass on to your customers.

When you have retrieved your information from the Mississippi Department of Health Portal, we will be glad to assist you in completing your report. We will need a copy of all the **2023 or latest** test results that show any detects.

Also be sure to send:

- 1) Copies of all violations with the documentation that you used to correct the violations
- 2) All significant deficiency(s) with any documentation that shows they have been corrected.
- 3) If you had any Level 1 or Level 2 Assessments, how many of each and the number of corrective actions taken with copies of the corrected actions.
- 4) Copies of any public notices that your system was required to send to cu
- 5) If you have had an administrative enforcement hearing:
 - Reason for hearing
 - Date of hearing
 - Corrective actions to be taken to comply with the hearing.

The processing fee for the report is \$150.00 per system ID Number for member systems and \$300.00 per system ID Number for non-member systems. If your system is not a member call for membership info today and save \$150.00 on the processing of your report. This is for the standard format. If you would like a special format, please give me a call. All reports will be returned in a PDF by **email**, unless you state that you would like a hard copy.

172 Country Place Parkway, Pearl, MS 39208-6675
PH: 601.857.2433 FAX: 601.857.2434
Website: www.msrrwa.org Email: msrrwa@msrrwa.org

Be sure to read the delivery instructions on the CCR notice from MSDH it has changed for the population levels. **This year you may want to consider placing your CCR on your website or MsRWA** has a special page on our website to host your CCR. This form of delivery is usually less than what it cost to publish in the local paper, and you don't have to mail out to each customer. You will have to follow the MSDH instructions concerning putting the information on your water bill where your customers can find your report on a website with a direct URL. The CCR will have to stay on the website for three years. If you chose to use the MsRWA website the cost for hosing the 2023 report for the required three years will be \$175.00. If you would like for MsRWA to host your CCR please order it that way on the payment form.

Please read the enclosed form carefully, it has changed: **fill in ALL spaces**, be sure to sign, then return with a copy of your sample test results and payment. Completed reports will be returned to you within 10 - 15 working days from the date we receive all the required paperwork.

Don't forget, it is your responsibility to have the report published in the form you chose and upload your completed report, the certification, and proof of publication to your MSDH portal by July 1st.

If you need any additional information, feel free to contact me at 601.857.2433.

Sincerely,

Cecilia

Cecilia Garris

CFO/Office Manager, MsRWA

Please don't send any materials until you retrieve your results from the Health Department Portal with final instructions.

Results needed 2023 or most recent:

Disinfection By-Products: Total Trihalomethane (TTHM) and Haloacetic Acid (HAA5) - All quarters if you test quarterly.
